

2018 MN AAU State Prelims "Super Pool" Seeds

Each age group (6th-11th) will use the 8-team Super Pool Format. Seeds 1, 2, 3, 4, 5 & 6 will be placed respectively in Pools A & B from the 2016 MN AAU State Championship results. Pool A will have the ODD seeds, while Pool B will have the EVEN seeds. There will be two remaining at-large seeds available in the Super Pools. These two spots will be filled at the seeding meeting with a focus on putting the best at-large team in the perceived weakest pool, with heavy focus results from 2018 Spring AAU Tournaments. As in the past, teams playing another team within their same club will not be a consideration in this placement. The seeding committee will seed teams into Pools C and beyond according to established seeding criteria. 4th & 5th grade age bracket will be seeded by the committee based entirely off of 2017 Spring AAU Tournament results, due to no past history. Pool formats dependent on # of teams.

Below are seeds #1-#6 based on 2017 results. If teams are known to not be in existence, others were bumped up and it is noted below. If other teams are no longer in existence or do not register, alternates are listed below. Those alternates are in order based on 2017 results as well. All final decisions on holding seeds as it pertains to team or club name changes will be made by Dave Preller.

Junior/2019	
1. North Tartan EYBL	2. MN Fury 2019 Gauntlet
3. MN Stars Nelson	4. MN Stars Amundson
